However, as per Rule 20 of the Companies (Management & Administration) Rules, 2014, facility for voting shall also be made available at the meeting and Members who have not cast their vote by remote e-voting shall be able to exercise their right to vote at the meeting which would also be through electronic means.
13. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company of any change in address or demise of any member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and the holdings should be verified.
14. The Securities and Exchange Board of India (SEBI) has mandated submission of Permanent Account Number (PAN) by every participant in securities market. Members holding shares in electronic form are, therefore, requested to submit the PAN to their Depository Participants with whom they are maintaining their demat accounts. Members holding shares in physical form are requested to submit their PAN details to the RTA through the web-link: <https://Investors.cameoindia.com>
15. SEBI vide Circular dated 20-04-2018 mandated the Company to collect copy of PAN and Bank account details from Members holding shares in physical form. Accordingly in July 2018 individual letters were sent to those shareholders whose PAN and Bank account details were not available with the Company followed by two reminders. In spite of this, many shareholders have not come forward to provide the information. Such shareholders are requested to provide the information at the earliest to the Company/ RTA. As per the Circular the shareholders who have not furnished the information have been placed under “enhanced watch” and so their requests will be processed subject to enhanced due diligence.
16. Pursuant to proviso to Regulation 40 (1) of the Listing Regulations, effective from 1st April 2019 transfer of securities other than transmission or transposition of names are not to be processed by the Company in physical form. So, shareholders desirous of transferring their shares are requested to dematerialize their shares.
17. The documents and information to be made available for inspection by the Members during the AGM will be provided electronically through the e-voting facility of CDSL.

FINANCIAL PERFORMANCE:

During the financial year under review, your Company's income from operation has grown by 3.65 times as compared to the previous year. The increase in income is attributed to the effective collection on certain accounts during the year. The profit before tax for the year under review is 44.60lakhs. The profit after tax stands at 39.29 lakhs. So as to augment the business liquidity the Company is not proposing any dividend for the current year.

MARKET SCENARIO:

During FY 2022-23 NBFCs, supported by various policy initiatives, could absorb the shocks of the pandemic. They continued to build up financial soundness marked by balance sheet consolidation, improvement in asset quality, augmented capital buffers and improved profitability. The much-feared impact of Russia-Ukraine war since February 2022 on the domestic economy particularly shooting of fuel & commodities prices did not have major ramifications. The world is recovering from the effects of the difficulties presented in recent years. Despite its difficulties, India has emerged as a region of economic growth amid predictions of a worldwide decline. World Bank in its India Development update observed that *India's growth continues to be resilient despite some signs of moderation in growth*. According to a recent World Bank research, when compared to other significant emerging economies and financial landscape, India is better equipped to handle global spill overs and navigate global headwinds. The continuous improvement in asset quality is seen from the declining GNPA ratio of NBFCs reaching close to the pre-pandemic level. Bank funding to the NBFC sector had grown by 3 folds in the last six years growing at a compound annual growth rate [CAGR] of 22 per cent. In fact, during the 11 months of financial year 2022-23 bank loans to NBFCs were twice the disbursement to Industries which indicate the sharp growth of loan books of NBFCs during 2022-23. IFL, having no exposure to either bank borrowings or to public deposits,

saw one more financial year passing with asset size further reducing attributed to recovery as well as wait & watch policy. At the same time there was considerable improvement on the recovery front compared to covid-19 hit previous years.

ROAD AHEAD

The role of NBFCs in the Indian financial system has undergone drastic shift in recent years. Their contribution to driving sustainable fiscal growth is well recognized, given their last-mile connectivity and agile system. The sector has evolved, transformed, and carved into a niche on its own. Despite facing multiple challenges in the last few years, in recent times NBFCs have bounced back strongly with higher capital levels, reasonable stability in delinquencies and profitable balance sheets. Sturdy risk assessment frameworks, government support, like debt moratorium and liquidity enhancement measures, and broader economic revival have helped them tide through numerous challenges and pursue innovative strategies for evolving opportunities. The sector is now on the verge of a quantum leap toward sustainability and resilience. Despite the challenges, the future of NBFCs in India looks promising, the sector is expected to grow at a CAGR of 18.5% between 2021 and 2026, according to a report by ResearchAndMarkets.com. The NBFC sector has played a decisive role in accelerating last-mile funding to the unbanked and underserved by understanding their credit demand. However, the analysis of Indian credit requirements suggests that despite aggressively increasing their reach to meet the credit needs of the Indian populous, the penetration of NBFCs continues to be low. However, NBFCs are making more significant impact on the socioeconomic structure of the Indian economy. The potential for credit penetration in India is still relatively high. NBFCs may establish a new standard by working with fintech and creating new business models with specialised goods. In order to remain in this very competitive financial industry, they will need to be highly dynamic and constantly try to find new goods and services. The regulatory framework is also being fine-tuned considering the NBFC sector's innovative and dynamic nature. With the Regulator introducing "Scale Based Regulatory Framework" [SBR] with effect from 1st October 2022, many NBFCs fall under the stricter regulatory norms. Your company falls under the category of "Base Layer" NBFC. Your Company has complied with all the regulatory directions/guidelines like Registration & submission of consumer /commercial data to all the 4 Credit Information Companies[CICs], Registration & submission of Security Interest with Central Registry of Securitisation Asset Reconstruction and Security Interest of India[CERSAI] Registration & submission of records and records of default to Utility Agencies, Registration & submission of requisite data to the Financial Intelligence Unit of India [FIU] besides submitting periodical statements to the regulators as per guidelines in force. With the performance of the Indian Industry in almost all sectors back to almost normal or pre-covid level, your company wishes to take major steps to augment the required resources for growth during the current fiscal.

OPPORTUNITIES & THREATS

NBFCs play a crucial role in the Indian financial system by catering to the diverse credit needs of various sectors of the economy. Their ability to provide customized financial products and services tailored to the specific needs of different segments of society makes them a vital component of the financial system. The NBFCs industry accelerates the country's economic growth. The RBI is constantly working to make the required modifications to the NBFC regulatory framework in order to proactively give regulatory assistance to the sector and maintain long-term financial stability. The Regulator says that Banks and Non-Banking Financial Services Companies should tune their management strategies to face challenges from market risk, technology, consumer protection and sustainability which are set to become the pillars of future financial sector regulations. New-age non-banking financial companies (NBFCs) are quickly changing the Indian lending ecosystem by bringing fresh models that combine the most significant fintech characteristics and standard credit features, enriching enterprise lending procedures and business loan requirements. In addition,

NBFCs have a robust technology infrastructure that allows them to provide agility to the entire credit cycle process, allowing end-to-end operations from application to disbursal to be completed in a matter of days. According to ICRA Ratings, retail focused NBFCs are expected to grow 12-14 per cent while the housing finance companies may grow by 10-12 per cent. The forecast is based on the asset quality improvement and the overall pick-up in credit demand. Entry of Foreign Companies and investors, stiff competition within the NBFC sector, exposure of various risks like interest rate volatility, economic/industrial recession, changing policies are some of the inherent threats the sector faces.

RISKS & CONCERNS

Despite the fiasco of some large NBFCs and its aftereffects & collateral damage, NBFCs are growing with better performance year after year. In order to remain in this very competitive financial industry, they will need to be highly dynamic and constantly try to find new goods and services. The regulatory framework has to be updated due to the NBFC sector's innovative and dynamic nature. In the backdrop of obvious rise in the scope of business and increased regulatory rigor, implementation of risk-management strategies in the sector remains a challenge to ensure that the business models remain viable, adequately ring-fenced and sustainable. But any slackness in operational risk management (ORM), latent in the business, cannot come to fore quickly leading to accumulation of its adversity. ORM is inherent in people competency, inefficiency of technology and systemic failures that do not measure up immediately and cannot be quantified. They gradually erode the efficiency of the organisation drawing attention of stakeholders only after substantial damage is done. Failing to tame the operational risks can have serious consequences threatening the sustainability of the organisation. It would be a tough task for the NBFCs to rein in operational risk much beyond going successful in scaling up business.

Like every NBFC, your company is also subject to both internal & external risks. The management followed all the statutory and regulatory guidelines issued in dealing with the situation. Your Company has suitable policies in place to manage the interest, liquidity, market and credit risk. As mentioned in our earlier year's reports, the cautious wait & watch approach adapted by the Company for the last couple of years has enabled to survive the vulnerable market conditions. Your company wishes continue the watching approach but wishes to take a step forward in both resource mobilization & deployment during the current fiscal.

Emphasis of Matters

- 1) We refer to Note 9 & 13 to the accompanying Statement, the Company has accounted for deferred depreciation which has been classified under other non-financial assets to the tune of Rs.624.84 lakhs and the corresponding adjustment is made directly to the retained earnings in the FY 2021-22. The company has informed that this amount pertains to loss on sale of assets arising out of re-calculation of depreciation based on availing the benefit of Vivad se Vishwas

Scheme (VSVS) under Income tax act for previous years and also the relevant assets had been already sold in the previous years. The company's revision petition has been accepted by the Income tax department and directed the concerned Assessing Officer to pass an appropriate order vide the Order under section 264 passed by the Principal Commissioner of Income Tax dated 27-03-2023. In view of the uncertainty associated with the outcome of the assessing order, we are unable to comment on the recognition of deferred depreciation under non-financial asset.

- 2) We refer to Note 9 to the accompanying Statement, the Company has accounted for interest income on income tax refund dues as receivable to the tune of Rs.5.29 lakhs during the year under 'Other Income' on account of their refund claim. In view of the uncertainty associated with the outcome of the assessing order, we are unable to comment on the recognition of the interest on income tax refund in profit and loss account and receivable under other non-financial assets to the extent of Rs.5.29 lakhs.

Our opinion is not modified in respect of the above matters.

Information other than the financial statements and auditor's report thereon

The Company's Board of directors are responsible for the preparation of other information. The other information comprises Board's Report, Report on Corporate governance and Business responsibility report but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of financial position, financial performance including other comprehensive income, cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

- (1) As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

Annexure “A” to the Independent Auditor's Report

(Referred to in paragraph 1 under 'Report on other legal and regulatory requirements' section of our report to the members of M/s. Indus Finance Limited of even date)

In terms of the information and explanations sought by us and given by the Company and the books of account and records examined by us in the normal course of audit, and to the best of our knowledge and belief, we report that:

(i) In respect of the Company's property, plant and equipment:

(a) (A) The Company has maintained proper records showing full particulars, including quantitative details and situation of property, plant and equipment.

(B) The Company does not have any intangible assets.

(b) The Property, plant & equipment have been physically verified by the management in accordance with a regular programme of verification at reasonable intervals. According to the information and explanations given to us, no material discrepancies were noticed on such verification.

(c) According to the information and explanations given to us and the records examined by us, the Company does not hold any immovable properties of land and building as at the balance sheet date.

(d) The Company has not revalued its property, plant and equipment (including right of use asset) during the year. Accordingly, reporting under clause 3(i)(d) of the Order is not applicable.

(e) In our opinion and according to the information and explanations given to us, there are no proceedings initiated or are pending against the Company for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder. Accordingly, reporting under clause 3 (i)(e) of the Order is not applicable.

(ii)

(a) The company is in the business of giving loans and as such does not have any inventory. Accordingly, reporting under clause 3(ii)(a) of the Order is not applicable.

(b) The Company has not been sanctioned working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets at any point of time during the year. (iii)

(a) The Companies principal business is to give loans and accordingly, reporting under clause 3 (iii) (a) of the Order is not applicable.

(b) According to the information and explanations given to us and based on the audit procedures performed by us, we are of the opinion that the terms and conditions of loans and advances in the nature of loans granted by the company to other parties (loans and advances in the nature of loans balance outstanding as at balance sheet date Rs 25.39 lakhs) are prejudicial to the

company's interest on account of the fact that the loans have been granted at nil rate of interest per annum which is not at prevailing yield of government security closest to the tenor of the loan. The investments made are, prima facie, not prejudicial to the interest of the Company. The Company has not provided any guarantee or security, secured and unsecured, to companies, firms, Limited Liability Partnerships or any other parties.

- (c) According to information and explanation given to us, in respect of the loans and advances in the nature of loans, schedule of repayment of principal and payment of interest have not been stipulated with respect to the loans and advances in the nature of loans balance outstanding as at balance sheet date Rs 25.39 lakhs. In the absence of stipulation of repayment terms, we are unable to comment on the regularity of repayment of principal or payment of interest.

In respect of the loans where the schedule of repayment of principal and payment of interest is stipulated but repayment of principal or payment of interest is not regular for 3 cases.

- (d) The total amount overdue for more than ninety days, in respect of loans and advances in the nature of loans, as at year end is Rs 88.69 lakhs before provision for loss allowances. Reasonable steps are being taken by the company for recovery of the principal and interest.
- (e) The Companies principal business is to give loans and accordingly, reporting under clause 3 (iii) (e) of the Order is not applicable.
- (f) In our opinion and according to information and explanation given to us, the company has granted the loans or advances in the nature of loans either repayable on demand or without specifying any terms or period of repayment aggregating to Rs 25.39 lakhs (4.68% to the total loans and advances in the nature of loans). The aggregate of loans granted to Promoters, related parties as defined in clause (76) of section 2 of the Companies Act, 2013 is Nil.
- (iv) In our opinion and according to information and explanation given to us, the company has not granted any loans or provided any guarantees or given any security or made any investments to which the provision of section 185 of the Act are applicable. In respect of investments made by the Company, the Company had complied with the provisions of section 186 of the Act as applicable.
- (v) In our opinion and according to the information and explanations given to us, the Company has not accepted any deposits or amounts which are deemed to be deposits during the year. Accordingly, reporting under clause 3 (v) of the Order is not applicable.
- (vi) The maintenance of cost records has not been specified by the Central Government under subsection (1) of section 148 of the Act for any of the activities of the company and accordingly, reporting under clause 3 (vi) of the Order is not applicable.
- (vii) In respect of statutory dues:
 - (a) In our opinion, and according to the information and explanations given to us and on the basis of our examination of the records, the company has generally been regular in depositing undisputed statutory dues including Goods and Services Tax, Provident fund, Employees' state Insurance, Income Tax, Sales Tax, Service Tax, duty of customs, duty of excise, Value Added Tax, Cess and other material statutory dues applicable to it with the appropriate authorities. Further, no undisputed amounts payable in respect thereof were outstanding at the year-end for a period of more than six months from the date they became payable.

- (b) According to information and explanations given to us and on the basis of our examination of the records, there are no dues of income tax, GST, sales tax, service tax, duty of customs, duty of excise or value added tax that have not been deposited on account of any dispute as at March 31, 2023.

(viii) In our opinion and according to the information and explanations given to us, there are no transactions not recorded in the books of account that have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961). Accordingly, reporting under clause 3 (viii) of the Order is not applicable.

(ix)

- (a) In our opinion and according to the information and explanations given to us, the Company has not defaulted in repayment of its loans or borrowings or in the payment of interest thereon to any lender.
- (b) In our opinion and according to the information and explanations given to us, the Company has not been declared as a wilful defaulter by any bank or financial institution or other lender.

Annexure “B” to the Independent Auditor's Report

(Referred to in paragraph 2 (f) under 'Report on other legal and regulatory requirements' section of our report to the Members of Indus Finance Limited of even date)

Report on the Internal Financial controls over Financial Reporting under clause (i) of sub - section 3 of section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Indus Finance Limited (“the Company”) as at March 31, 2023, in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's responsibility for Internal Financial controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the standards on auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those standards and the guidance note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement in the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained, is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial control system over financial reporting.

Meaning of internal financial controls over financial reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent limitations of internal financial controls over financial reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management of override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and according to the information and explanations given to us, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

1 Company Information

The company was incorporated as a private limited company on 11th March 1992 and was converted into public limited company U/s 44 of the Companies Act, 1956 on 29th March, 1994. The object of the company is to carry on business as "Non - Banking Finance Company". The Registered Office of the Company is located at Kothari building, 4th Floor, No.114, Mahatama Gandhi Salai, Nungambakkam, Chennai - 600 034.

The Company has been registered with Reserve Bank of India as "Non - Banking Finance Company" on 5th May 1998 vide Registration No. B-07-00068.

2 Summary Of Significant Accounting Policies

2.1 Statement of compliance and basis for preparation and presentation of financial statements

These standalone or separate financial statements of the Company have been prepared in accordance with the Indian Accounting Standards as per the Companies (Indian Accounting Standards) Rules 2015 as amended and notified under Section 133 of the Companies Act, 2013 ("the Act"), in conformity with the accounting principles generally accepted in India and other relevant provisions of the Act. Any application guidance/ clarifications/ directions issued by RBI or other regulators are implemented as and when they are issued/ applicable.

These standalone or separate financial statements were approved by the Company's Board of Directors and authorised for issue on 29.05.2023.

2.2 Functional and presentation currency

These financial statements are presented in Indian Rupees ('INR' or 'Rs.') which is also the Company's functional currency. All amounts are rounded-off to the nearest lakhs, unless otherwise indicated.

2.3 Basis of measurement

The financial statements have been prepared on the historical cost basis except for certain financial instruments which are measured at fair values.

2.4 Measurement of fair values

A number of Company's accounting policies and disclosures require the measurement of fair values, for both financial and non-financial assets and liabilities. The Company has established policies and procedures with respect to the measurement of fair values. Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

2.5 Use of estimates and judgements and Estimation uncertainty

In preparing these financial statements, management has made judgements, estimates for the year ended 31 March 2023 and assumptions that affect the application of the Company's accounting policies and the reported amounts of assets, liabilities, income, expenses and the disclosures of contingent assets and liabilities. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to estimates are recognised prospectively.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were issued. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

Following are areas that involved a higher degree of estimate and judgement or complexity in determining the carrying amount of some assets and liabilities.

Impairment of Financial Assets

The measurement of impairment losses on loan assets and commitments, requires judgement, in estimating the amount and timing of future cash flows and recoverability of collateral values while determining the impairment losses and assessing a significant increase in credit risk.

The Company's Expected Credit Loss (ECL) calculation is the output of a complex model with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL model that are considered accounting judgements and estimates include:

- The Company's criteria for assessing if there has been a significant increase in credit risk
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL model, including the various formulae and the choice of inputs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL model

It has been the Company's policy to regularly review its model in the context of actual loss experience and adjust when necessary

The company adopts the policy of taking atleast 200% of loan amount as security value. Normally the same is ascertained with prevailing guideline value and the present market rate as per the latest registration in the locality. In the case of large property, company obtain valuation report from a approved valuer from the locality.

Provisions and other contingent liabilities

The reliable measure of the estimates and judgements pertaining to litigations and the regulatory proceedings in the ordinary course of the Company's business are disclosed as contingent liabilities. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are believed to be reasonable under the circumstances.

2.6 Revenue recognition :

Recognition of interest income on loans

Interest income is recognised at the rate sanctioned in accordance with the loan agreement on the outstanding balance of the loan in proportion to the time period for which the loan was outstanding.

Dividend, bonus and income on investments:

- Dividends are recognised in Statement of profit and loss only as and when receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company and the amount of the dividend can be measured reliably.
- In the case of keyman insurance policies, bonus is recognised in statement of profit and loss only on yearly basis.
- Income from investments is recognised when it is certain that the economic benefits will flow to the Company and the amount of income can be measured reliably.

2.7 Property, Plant and Equipments (PPE)

PPE are stated at cost of acquisition (including incidental expenses), less accumulated depreciation and accumulated impairment loss, if any.

The carrying amount of an item of property, plant and equipment shall be derecognised:

- (a) on disposal; or
- (b) when no future economic benefits are expected from its use or disposal.

The gain or loss arising from the derecognition of an item of property, plant and equipment shall be included in profit or loss when the item is derecognised (unless Ind AS 17 requires otherwise on a sale and leaseback). Gains shall not be classified as revenue.

Depreciation on PPE is provided on straight-line basis in accordance with the useful life specified in Schedule II to the Companies Act, 2013 on a pro-rata basis.

2.8 Investments in subsidiaries and associates

Investments in subsidiaries and associate are measured at cost, if any.

2.9 Financial instruments :

a] Recognition and initial measurement -

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at FVTPL) are added to or deducted from the fair

value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at FVTPL are recognised immediately in Statement of profit and loss.

b] Classification and Subsequent measurement of financial assets-

On initial recognition, a financial asset is classified as measured at

- Amortised cost;
- FVOCI - equity instruments;
- FVTPL

Amortised cost -

The Company's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios being the level at which they are managed. The financial asset is held with the objective to hold financial asset in order to collect contractual cash flows as per the contractual terms that give rise on specified dates to cash flows that are solely payment of principal and interest (SPPI) on the principal amount outstanding. Accordingly, the Company measures Bank balances, Loans, Trade receivables and other financial instruments at amortised cost.

FVOCI - equity instruments -

The Company subsequently measures all equity investments at fair value through profit or loss, unless the Company's management has elected to classify irrevocably some of its equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments and are not held for trading.

Financial assets are not reclassified subsequent to their initial recognition, except if and in the period the Company changes its business model for managing financial assets.

All financial assets not classified as measured at amortised cost or FVOCI are measured at FVTPL.

Subsequent measurement of financial assets

For equity investments, the Company makes an election on an instrument-by-instrument basis to designate equity investments as measured at FVOCI. These elected investments are measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the reserves. The cumulative gain or loss is not reclassified to Statement of profit and loss on disposal of the investments. These investments in equity are not held for trading. Instead, they are held for strategic purpose. Dividend income received on such equity investments are recognised in Statement of profit and loss.

Equity investments that are not designated as measured at FVOCI are designated as measured at FVTPL and subsequent changes in fair value are recognised in Statement of profit and loss.

Financial assets at FVTPL are subsequently measured at fair value. Net gains and losses, including any interest or dividend income, are recognised in Statement of profit and loss.

c] Financial liabilities and equity instruments

Classification as debt or equity -

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments -

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by Company are recognised at the proceeds received. Transaction costs of an equity transaction are recognised as a deduction from equity.

Financial liabilities -

Financial liabilities are classified as measured at cost. Other financial liabilities are subsequently measured at cost. Interest expense and foreign exchange gains and losses are recognised in Statement of profit and loss. Any gain or loss on derecognition is also recognised in Statement of profit and loss.

d] Offsetting

Financial assets and financial liabilities are offset and the net amount presented in the balance sheet when, and only when, the Company currently has a legally enforceable right to set off the amounts and it intends either to settle them on a net basis or to realise the asset and settle the liability simultaneously.

e] Impairment of financial instruments

Equity instruments are not subject to impairment under Ind AS 109.

The Company recognises lifetime expected credit losses (ECL) when there has been a significant increase in credit risk since initial recognition and when the financial instrument is credit impaired. If the credit risk on the financial instrument has not increased significantly since initial recognition, the Company measures the loss allowance for that financial instrument at an amount equal to 12 month ECL. The assessment of whether lifetime ECL should be recognised is based on significant increases in the likelihood or risk of a default occurring since initial recognition. 12month ECL represents the portion of lifetime ECL that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

When determining whether credit risk of a financial asset has increased significantly since initial recognition and when estimating expected credit losses, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, including on historical experience and forward-looking information. (refer note 15)

f] Write offs -

The gross carrying amount of a financial asset is written off when there is no realistic prospect of further recovery. This is generally the case when the Company determines that the debtor/borrower does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off. However, financial assets that are written off could still be subject to enforcement activities under the Company's recovery procedures, taking into account legal advice where appropriate. Any recoveries made are recognised in Statement of profit and loss.

2.10 Employee benefits:

The Company has not formulated any policy for employee benefits, including Provident Fund, ESI or Gratuity.

2.11 Finance costs :

Finance costs include interest expense computed by applying the contracted interest rate on respective loans. Finance costs are charged to the Statement of profit and loss.

2.12 Taxation - Current and deferred tax:

Income tax expense comprises of current tax and deferred tax. It is recognised in Statement of profit and loss except to the extent that it relates to an item recognised directly in equity or in other comprehensive income.

a] Current tax :

Current tax comprises amount of tax payable in respect of the taxable income or loss for the year determined in accordance with Income Tax Act, 1961 and any adjustment to the tax payable or receivable in respect of previous years. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

b] Deferred tax :

Deferred tax assets and liabilities are recognized for the future tax consequences of temporary differences between the carrying values of assets and liabilities and their respective tax bases. Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequence that would follow from the manner in which the Company expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

Deferred tax assets are recognized to the extent that it is probable that future taxable income will be available against which the deductible temporary difference could be utilized. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

2.13 Provisions :

Provisions are recognised when there is a present obligation as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of the obligation. Provisions are reviewed at each balance sheet date and adjusted to reflect the current best estimate.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

2.14 Cash and cash equivalents:

Cash and cash equivalents in the balance sheet comprise cash on hand, cheques and drafts on hand, balance with banks in current accounts and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of change in value.

2.15 Earnings Per Share :

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period after deducting preference dividends and any attributable tax thereto for the period, if any. The weighted average number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, sub-division of shares etc. that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders is divided by the weighted average number of equity shares outstanding during the period, considered for deriving basic earnings per share and weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

2.16 Estimation uncertainty relating to the global health pandemic from COVID-19:

In March 2020, the World Health Organisation declared COVID-19 a global pandemic. Consequent to this, Government of India declared a nation-wide lockdown from 24th March 2020. Subsequently, the nation-wide lockdown was lifted by the Government of India, but regional lockdowns continue to be implemented in areas with significant number of COVID-19 cases. Although, the Company witnessed significant improvement in its operations during the second half of the year, the Company remains watchful of the potential impact of COVID-19 pandemic, particularly the current "second wave", on resuming normal business operations on a continuing basis. Accordingly, the Company has assessed the impact of this pandemic on its business operations and has considered all relevant internal and external information available up to the date of approval of these financial statements, to determine the impact on the Company's revenue from operations and estimation of sales related expenses over the foreseeable future and the recoverability and carrying value of certain assets such as property, plant and equipment, investments, deferred tax assets and input tax credit receivables. The impact of COVID-19 pandemic on the overall economic environment being uncertain may affect the underlying assumptions and estimates used to prepare Company's financial results, which may differ from impact considered as at the date of approval of these financial statements. The Company continues its business activities, in line with the guidelines issued by the Government authorities, take steps to strengthen its liquidity position. As the situation is unprecedented, the Company is closely monitoring the situation as it evolves in the future.

14 Nature and Purpose of Other Equity

a) Capital Reserve

Capital Reserve consists of forfeiture of the amount received from shareholders on preferential on the lapse of the period to exercise right to convert the said warrants and on forfeiture of amounts paid on Equity Shares.

b) Statutory Reserves as per Section 45-IC of the RBI Act, 1934

The Company has created a Reserve Persune to Section 45 IC of the Reserve Bank of India Act, 1934. by transferring amount not less than 20% of Net Profit for the period as disclosed in statement of Profit & Loss and before any Devidend declared.

c) Retained earnings

This Reserve represents the cumulative profits of the Company. This Reserve can be utilized in accordance with the provisions of the Companies Act, 2013.

d) Impairment Reserve

In accordance with RBI circular no. RBI/2019-20/170 dated March 13, 2020, the company has provided for impairment allowances as required by Ind AS. In parallel, the company has also determined the asset classification and computed the impairment provisions as per extant prudential norms on Income Recognition, Asset Classification, and Provisioning (IRACP). A comparison between provisions required under IRACP and impairment allowances made under Ind AS 109 has been disclosed in Note No. 22.

Further, since impairment allowance under Ind AS 109 is lower than the provisioning required under IRACP the difference has been appropriated from net profit after tax to ‘Impairment Reserve’. The balance in the ‘Impairment Reserve’ shall not be reckoned for regulatory capital.

No withdrawals are permitted from this reserve without prior permission from the Department of Supervision, RBI. The requirement for ‘Impairment Reserve’ shall be reviewed, going forward as per further instructions from RBI

e) Equity Instruments through OCI

On equity investments

The Company has elected to recognise changes in the fair value of certain investments in equity securities in other comprehensive income. These changes are accumulated in the FVOCI equity investments reserve. The Company transfers amounts from this reserve to retained earnings when the relevant equity securities are derecognised.
